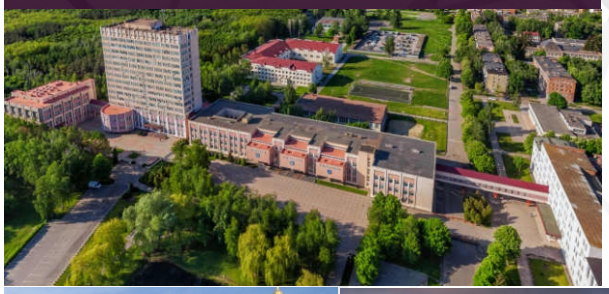
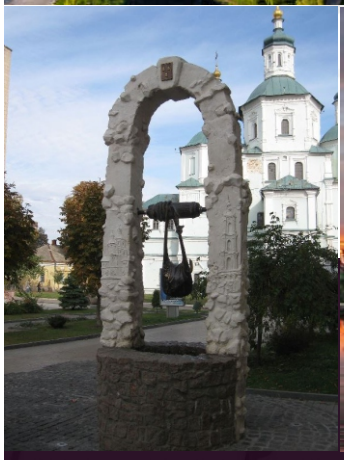
Nov. 9-13, 2020
Sumy, Ukraine





Main Topics

- **Nanomaterials Synthesis & Self-assembly**
- Thin Films & Coatings
- **Nanoscale Imaging & Characterization**
- Nanophotonics
- **Transport Properties in Nanoscale Systems**
- Nanomagnetism & Magnetic Materials
- **Superconductivity in Nanoscale Systems**
- Nanodevices & Sensors
- **Nanomaterials for Energy & Environment**
- Biomedical Applications
- **Theory, Modeling & Interdisciplinary Topics**
- Symposium on Additive Manufacturing & Applications

Benefits

- **One of the largest nanoconferences in Eastern Europe**
- Internationally renowned Invited Speakers
- **Interesting interdisciplinary scientific program**
- Best presentation awards
- **Exceptional Ukrainian hospitality, now in a virtual format**
- Scopus & Web of Sciences indexed Conference Proceedings

Important Dates

- **Submission opened:** July 1, 2020
- **Submission closed:** August 31, 2020
- **Acceptance notification:** October 19, 2020
- **Program posted online:** November 1, 2020
